

ÈCATE®
CAFFÈ LIBRERIA

MENU

A place to stay, but also a place to be

ÈCATE is not just a café; it's more than a bookstore. All displayed books are for sale, and you can browse them – just like in a bookstore – but please refrain from reading or bending them out of respect for those who will purchase them later. Below the display windows, you'll find magazines for free consultation, which you can read during your time here.

This is also an event space: come visit us in the evenings, we are open from 7 PM to 10 PM when there are happenings. At the entrance, you'll find the program of upcoming events, and if you want to stay updated, follow our social pages [@ecatcaffelibreria](#) or subscribe to the newsletter on our website www.ecatcaffelibreria.com.

Can you work or study here?

ÈCATE is a social space, not a library or a co-working place. However, we've dedicated an entire section of the venue where you can use your PC during specific times of the day and week.

Monday-Friday: always allowed; during lunch hour, we ask you to close your devices – it's time for a break!

Saturday-Sunday: No PCs on the weekend (and holidays). You're here to relax and recharge your batteries – not your laptop's. We like to create a restful atmosphere for everyone at this time of the week! :)
